Sir,

Subject:- Loan from Kalasa temple to the local Village Panchayet for urgent repairs to the local water supply tank.

I have the honor to submit herewith copy of letter No.A6-4332/32-33 dated 16-2-1934 together with its enclosures received from the Deputy Commissioner of Kadur District requesting for reasons stated, approval to the action taken by him in having sanctioned a loan of Rs 1300/- to the V.P. of Kalasa from the funds of Sri Kalaseswaraswami temple in Mudigere Taluk for urgent repairs to the local Water Supply Reservoir and to request that in the circumstances explained the Deputy Commissioner's action may be approved as the grant of loans from surplus funds of Muzrai institutions to local bodies is authorised in G.O.No.1033-50/ Muz.340-19-4 dated 14-9-1920, the payment of the yearly instalment and interest at 5% being made the first charge on the income of the Village Panchayet.

I have the honor to be,

Sir,

Your most obedient servant,

N. Madhava Rau
Muzrai Commissioner.

TYPING SECTION
17. MAR. 1934
GENL & REV. SECTT

Serial No.

IV 14

The Resolutions of the V.P. Kolasa and of the Committee of Shahmadarsis are submitted for perusal. It is seen therefrom that the V.P are agreeable to a loan of about Rs 2000 for the purpose, repayable in 15 annual instalments at 3% interest.

Under Rules 6 and 9 of the Rules for raising loans by Village Panchayats, the maximum period allowed for repayment of the loan is 10 years and the rate of interest to be charged thereon should not be less than 5%. In the circumstances the Dy. Collector states that the Rules may be followed in this case.

The financial position of the V.P. is stated to be as follows:-

Annual Income Rs 1111
Expenditure " 811
Balance Rs 300

The loan asked for in the first instance was Rs 1500 which is modified now and fixed at Rs 1935/-, the extra cost being due to the closing of the leak in the Tank Bund which if not repaired immediately would seriously affect the water supply to the Tank (vide D.'s letter of 15th May 1936). The V.P is stated to be financially able to repay the loan with the interest in 10 years at Rs 193-8-0 + Interest, out of its annual surplus of Rs 300 per year.

Letter No.A6-4332/32-33 dated 16-2-34 from the Deputy Commissioner, Kadur District, to the Muzrai Commissioner in Mysore.

Sub. Urgent repairs to the water supply tank at Kalasa, Mudigere Taluk.

---

have the honor to state that the Superintending Engineer, Shimoga Circl found during his inspection that the water supply tank at Kalasa was urgently in need of repairs and that early action was called for to get the necessary repairs executed. The Sanitary Engineer in consultation with with the Executive Engineer, Kadur Division, sent to me an estimate for R. 1300/- for urgent items of work to the tank for necessary action. As neither the Kalasa temple authorities nor the Village Panchayet were agreeable to find funds to meet the cost o the estimate, a revised estimate for a smaller amount confining to urgent and important items of repairs was called for. The Sanitary Engineer in his lette No.1167 dated 27/29th November 1933 (copy enclosed) returned the estimate for very early necessary action and stated that the items of works provided for in the estimate were absolutely necessary in the interests of the ~~Kadur~~ Water Supp Reservoir and requested me to arrange to provide the cost of the estimate out of the temple funds as the work had to be started immediately and completed be fore next monsoon.

The tank was inspected by me along with the Sanitary Engineer during my visit to Kalasa on 21-11-1933 and I found that the repairs were urgently calle The question of fixing funds for the repairs was discussed by the Amildar and the Dharmadarsis at the time and the matter was referred to the temple authorities for reconsideration. The Dharmadarsis of the Kalasa temple met on 15-1-1934 and passed a resolution agreeing to advance a sum of R. 1300/- out of the temple funds for the execution of the urgent repairs to the Water Supply tank, the amount being treated as a loan against the Kalasa V.P. ~~xp~~ repayable in 10 years at 6¼% per annum.

As the repairs to the tank referred to in the estimate ~~x~~ are urgent in the interests of the safety of the water storage reservoir the proposal of the Dharmadarsis to advance a sum of R 1300/- out of the Kalasa temple funds for the work treating the said amount as a loan to the Kalasa V.P. to be repaid in 10 annual instalments with interest at 5% per annum has been sanctioned by me in anticipation of your kind approval (copy of order No.A6-4332/32-33 dated 5-2-34 enclosed for favour of perusal and approval). The plan and estimate have been returned duly countersigned for R. 1300/- to the Sanitary Engineer, Bangalore, for early action and the Amildar, Mudigere Taluk, has been instruct to draw the said amount from the Kalasa temple funds and credit the same to E. P.W.D. Deposits immediately the work is arraged to be started.

In the circumstances, detailed above, I request you to

tion to the loan referred to above as per conditions laid down in

order No.A6-4332/32-33 dated 5-2-34.

Dated, Bangalore, 17th March 1934
20th

From

The *Financial Secretary to the Government of His Highness the Maharaja of Mysore*

To

The Muzrai Commissioner in Mysore,
Bangalore.

Sir,

With reference to your letter No. 1121/33-34, dated 7th March 1934, regarding the grant of a loan of Rs. 1,300/- from the Kalasa Temple funds to the local Village Panchayet for urgent repairs to the local water supply reservoir, I am directed to state that the Village Panchayet does not seem to have been consulted regarding the amount being advanced to them as loan and their consent obtained for the amount repaid in ten years with interest at 5 per cent per annum and to request therefore that the Village Panchayet may be consulted and their resolution agreeing to the loan and repayment in 10 instalments with 5 per cent interest forwarded at a very early date for the information of Government. Information may also be kindly furnished regarding the financial condition of the Village Panchayet.

I have the honour to be,
Sir,

Letter No.A6-4332/32-33 dated 15-5-34 from the Deputy Commissioner, Kadur District, to the Muzrai Commissioner in Mysore.

Subject:- Urgent repairs to Kalasa Water Supply Tank.

With reference to your Memo No.C.1121/33-34 dated 23-5-1934 calling for particulars regarding the loan of Rs. 1300/- advanced to Kalasa Village Panchayet from the Kalasa Temple Funds for the above work, I have the honor to forward herewith the necessary Village Panchayet resolution received with the Mudigere Taluk Amildar's report No.P.C.161/33-34 dated 28-4-1934 and to state as follows:-

1) The financial condition of the Kalasa Village Panchayet for the years 1932-33 and 1933-34 up to end of February 1934 is noted in the margin. The annual demand of the Village Panchayet is reported to be Rs. 1315/-.

Year.	Income.	Expenditure.	Amount at the credit of the Village Panchayet at the end of February 1934.
1. 1932-33	Rs. 1113-4-3	Rs. 1259-14-0	Rs. 10-9-5
2. 1933-34	" 3389-5-0	" 2955- 4-0	

2) The Amildar, Mudigere Taluk, having in his No.1 Camp/33-34 dated 12-5-1934 (copy enclosed) reported that a leak in the Kalasa Water Supply Tank Bund had developed, which if not rectified immediately, would seriously affect the water supply to the town, the Sanitary Engineer, Bangalore was requested to take necessary action to set right the defect and the Amildar was requested to take needful measures for the early closing of the leak with the aid of the local P.W.D. Overseer. The tank was examined by me on 25-5-1934 in company with the Executive Engineer, Kadur Division. The Assistant Engineer, Sanitary Department, and the Assistant Engineer, Chickmagalur Sub Division, were also present then. The leak has to be topped immediately. The Sanitary Engineer, Bangalore, was requested in this office letter No.A6-4332/32-33 dated 25-5-1934 (copy enclosed) to prepare and send an estimate for closing the leak referred to above. Accordingly, the Sanitary Engineer, with his letter No.3326 dated 2-6-1934 sent an estimate amounting to Rs. 1935/- which was forwarded to the Amildar, Mudigere Taluk, for report after a consultation with the Dharmadarsis of the place concerned and the members of the local Village Panchayet in regard to the ways and means to finance the cost.

3) The Amildar, Mudigere Taluk, has submitted his report together with the necessary resolutions passed at their meetings of Dharmadarsis of Kalasa

temple and the members of the Village Panchayet held on 20-4-19
-4-1934 respectively. The former has agreed to advance the amount
viz., Rs 1935/-) required for closing the leak in the tank out of the
temple funds and the latter has agreed to receive the said amount as a
loan repayable in 10 years with 5% interest per annum. But according to
Rules 6 and 8 of Government notification No.L.5770/V.F.60-31-5 dated 2/3rd
March 1933 the maximum period allowed for the repayment of the loan is
only 10 years and the rate of interest to be charged thereon should not
exceed 4 per annum.

1) In this connection, I wish to state that the cost of estimate for
13 1/- sanctioned under my letter No.No-4332/33-33 dated 17-2-1934 was
for general repairs and white washing etc., to the Kalasa tank
and the amount to be spent out of the Irrigation Cess funds for the cur-
rent year (vide the Executive Engineer's letter No.107 dated 12-3-1934 copy
herewith) is only for the work done under section 4 carried out by the Department of
Public Works.

2) In order to make up Rs 1935/- required for the cost of the
above repairs and for closing the heavy leak in the supply tank found
in the pipe line, the Engineer has represented that this sum of Rs 1300/- has
to be paid out of the Irrigation Cess Funds. This may be permitted as the balance
of Rs 635/- will be duly replaced by the estimated cost of Rs 1935/-
to be realised from the Village Panchayet who are agreed to advance as an additional loan
to the Department the cost of the above repairs (vide Executive Engineer's letter No.107 dated 12-3-1934 and the Village
Panchayet's resolution dated 8-4-1934
copy herewith) Rs 1935/- on the above being sanctioned
and communicated to the Executive Engineer, Bangalore, for necessary further action
in the matter. The Executive Engineer should be directed to credit the amount of Rs 635/- from
Irrigation Cess Funds to the credit of the Deposit Head of the Sanitary Engineer
with the Public Works Department.

To sum up briefly as detailed above, I request that sanction may
kindly be accorded to the payment of the sum aggregating to Rs 1935/- to the
Executive Engineer, Bangalore, for the Local Village Panchayet to enable closing the
leak in the water supply tank at Kalasa, the amount
to be repaid in 10 yearly instalments at 5% interest per annum
by the Village Panchayet. The principal with interest will be payable
by the Village Panchayet to the Taluk in May of each year, due provision
being made for the same in the budget of the Village Panchayet.

Report No.P.C.161/33-34 dated 23-1-1934 together with the resolutions of the Kalasa Village Panchayet and the Dharmadarsi Temple received from the Amildar, Mudigere Taluk, is herein enclosed.

"COPY"

For Muzrai Commissioner.

Letter No.A6-4332/32-33 dated 27-7-34 from the Deputy Commissioner, Kadur District, to the Mysore Commissioner in Mysore.

Subject:- Urgent repairs to Kalasa Water Supply Tank, Municipal Limits.

With reference to your letter No.1121/33-34 dated 1/19th June 1934 on the above subject, I have the honour to forward herewith Mysore Taluk Builder's report No.Pc.101/33-34 dated 6-7-1934 together with its enclosures explaining in detail the financial position of the Kalasa Village Piped Water Supply Scheme for the last three years and the closing balance remaining at the close of each year. As may be seen from the statement enclosed the average annual income of this Village Piped Water Supply is about Rs.1100/- with an average annual expenditure of about Rs.600/- per year, leaving a closing balance of Rs.500/- at the end of each year. The Builder states that the Village Panchayat has been making efforts to repay the loan (i.e; Rs.1935/-) in full, from the balance by collecting annually Rs.193-8-0 but the people and officers of the Panchayat refuse to pay interest at the rate of 6% per annum on the balance of loan. It is learnt that the work has since been completed by Sanitary Department.

In these circumstances, I regret to state that the loan of Rs.1935/- already recommended may kindly be considered.
